DISCOUNTING SCHEDULE:

Companies, Individuals, and Agencies renting space for two systems receive a 15% discount on each system's annual prepayment amount only.

Companies, Individuals, and Agencies renting space for three systems receive a 20% discount on each system's annual prepayment amount only.

Companies, Individuals, and Agencies renting space for four or more systems receive a 25% discount on each system's annual prepayment amount only.

Trunked Radio systems with the use of Transmitter Combiners and receiver multi-couplers and minimal tower use for antennas subject to negotiation and space required.

The above pricing is subject to modification for unique installations or space requirements and will not be binding on Mac Pass Radio LLC unless the pricing has been placed in the Rental/Lease Agreement between the parties.

Unique leasing agreements, long-term agreements, and other types of Electronic Systems are negotiable.

The above price schedule does not include permit fees that may be required by US Forest Service or Bureau of Land Management. Permit fees, if any, shall be divided by all users of the same category within the building and shall be added to the lease fees above. Such permit fees, if any, will not be discounted by the terms above. Contact us with questions regarding these fees.

Broadcast and translator space rental will be negotiated based on tower space, building space, and power usage required, and population served.
